FAST TRACK CLAIM FOR PAYMENT

Clear Claim

For the Transport of Poultry Manure to be Land-Applied

NOTE: If this claim for payment is NOT being submitted at the same time as the application, attach a copy of the application that was previously mailed to MDA.

Claimant Information

Claimant Name:		S.S.N
Farm or Business Name:		or
Mailing Address:		E.I.N
City/State/ZIP:		
County:	Phone:	Email:

Calculated Payment

(1)	(2)	(3)	(4)	(5)	(6)	(7)
Estimated Tons from Application	Tons Transported (Wt. Ticket Logs)	Eligible Tons: The LESSER of (1) and (2)	Miles from Sending Farm to Receiving Fields (min. of 7)	Payment Rate* ☐ \$0.14 (3) x (4) x \$0.14 or ☐ \$0.16 (3) x (4) x \$0.16	Calculated payment at maximum rate: (3) x \$28	Eligible payment is the LESSER of columns (5) and (6)
Transport Costs – If manure was transported by a hired broker or hauler, attach a copy of the invoice for the transport services, and enter the amount in column (7). Payment will be calculated as the lesser of the eligible payment and the invoice amount. If manure was transported by the applicant, check the box to the right and leave the invoice amount blank.					Hauled it myself ☐	Invoiced Cost for Hauling Services
Manure Analysis – Cost-Share available for one current test, up to \$40.00. Attach lab invoice.			Enter invoiced cost for manure test:		Max. \$40.00	
* For litter coming from Dorchester, Somerset, Wicomico, or Worcester counties, multiply by \$0.16. For all other counties, multiply by \$0.14.					PAYMENT:	\$

Signature of Claimant

I certify that this Claim for Payment represents a true and accurate accounting of eligible costs of transporting the manure referenced in my Application and that I have complied with the rules of the Maryland Transport Poultry Program. I understand that submitting a false claim for payment may subject me to a civil penalty under State law of not more than \$10,000 for each violation and an additional amount of not more than three times the amount of damages that MDA has sustained.

FAST TRACK CLAIM FOR PAYMENT

For the Transport of Poultry Litter to be Land-Applied

Acknowledgement of Tons of Poultry Litter Shipped and Received

Note: *Actual* tons of poultry manure shipped and received may be greater than the totals shown here due to Program rules that limit the reporting of gross vehicle weights to 80,000 lbs (unless hauler has an Exceptional Hauling Permit). For example, if the gross vehicle weight of a truckload of manure was greater than 80,000 lbs. (e.g., 81,000 lbs.) then anything over 80,000 lbs. – in this case 1,000 lbs or ½ ton -- will not be eligible for manure transport payment.

Tons of Poultry Manure Transported: _____ tons

Signature of Sending Operation

Signature of the sender acknowledges shipment of the manure transported and their poultry company affiliation.

Poultry Company:

☐

Amick

☐

Mountaire

☐

Perdue

☐

Tyson

Farm Name:

Address of Farm:

City/State/ZIP:

County:

Signature

SUBMISSION OF WEIGHT TICKETS AND ESTIMATED TRUCK WEIGHTS

A printed or handwritten weight ticket must be provided for each truck load that is weighed at a State-certified scale. At least 1 in every 5 loads must be weighed at a certified scale, with a minimum of 2 loads weighed per manure transport project. Enter the information from each weight ticket onto the *Weight Ticket Log*.

If a State-certified scale was not accessible for a particular truck load, provide an estimated net weight based on an average of previous similar loads. Indicate on the *Weight Ticket Log* that the entry is an estimated weight by selecting "ESTIMATED WEIGHT" from the pull down menu in column (1). Then enter the estimated net weight in pounds in column (6).

Gross vehicle weights are limited to no more than 80,000 lbs, unless the transporter has a valid Exceptional Hauling Permit issued by the Maryland State Highway Administration that allows for vehicle weights up to 87,000 lbs. In order to enter gross weights over 80,000 lbs on the worksheet, check the box at the top of the *Weight Ticket Log*. Every truckload over 80,000 lbs must be weighed on a State-certified scale (no "Estimated Weights" allowed), and the truck license plate number must be written on the weight ticket so that MDA can distinguish between loads transported under Exceptional Hauling Permits and those not under permit. A copy of the Exceptional Hauling Permit(s) must be attached to the claim for payment.

For transport that is ≤ 25 miles, truck loads are not required to be weighed. Tonnage may be estimated based on the dimensions of the cargo area. If estimated tonnage will be determined in this manner, please contact MDA for further instructions.

Stored tare weights are good for a period of one month.

Weight tickets must provide the following information:

- Location of scale
- Date
- Gross vehicle weight
- Tare weight
- Net weight
- Truck ID or license plate number
