
Pre Harvest Activities Training

Funding for this worker training module was made possible, in part, by the Food and Drug Administration through grant PAR-16-137. The views expressed in written materials or publications and by speakers and moderators do not necessarily reflect the official policies of the Department of Health & Human Services; nor does any mention of trade names, commercial practices, or organization imply endorsement by the United States Government.

Application of Soil Amendments of Animal Origin

Incorporate Soil Amendments into the Soil

Side dressing with Soil Amendments of Animal Origin

Application interval for untreated manure

Apply manure to low risk/non covered crops

Composting

Unprotected Compost

Compost storage

Cleaning and Sanitizing Equipment

Pre Harvest Risk Assessment

Evidence of Animal Feces

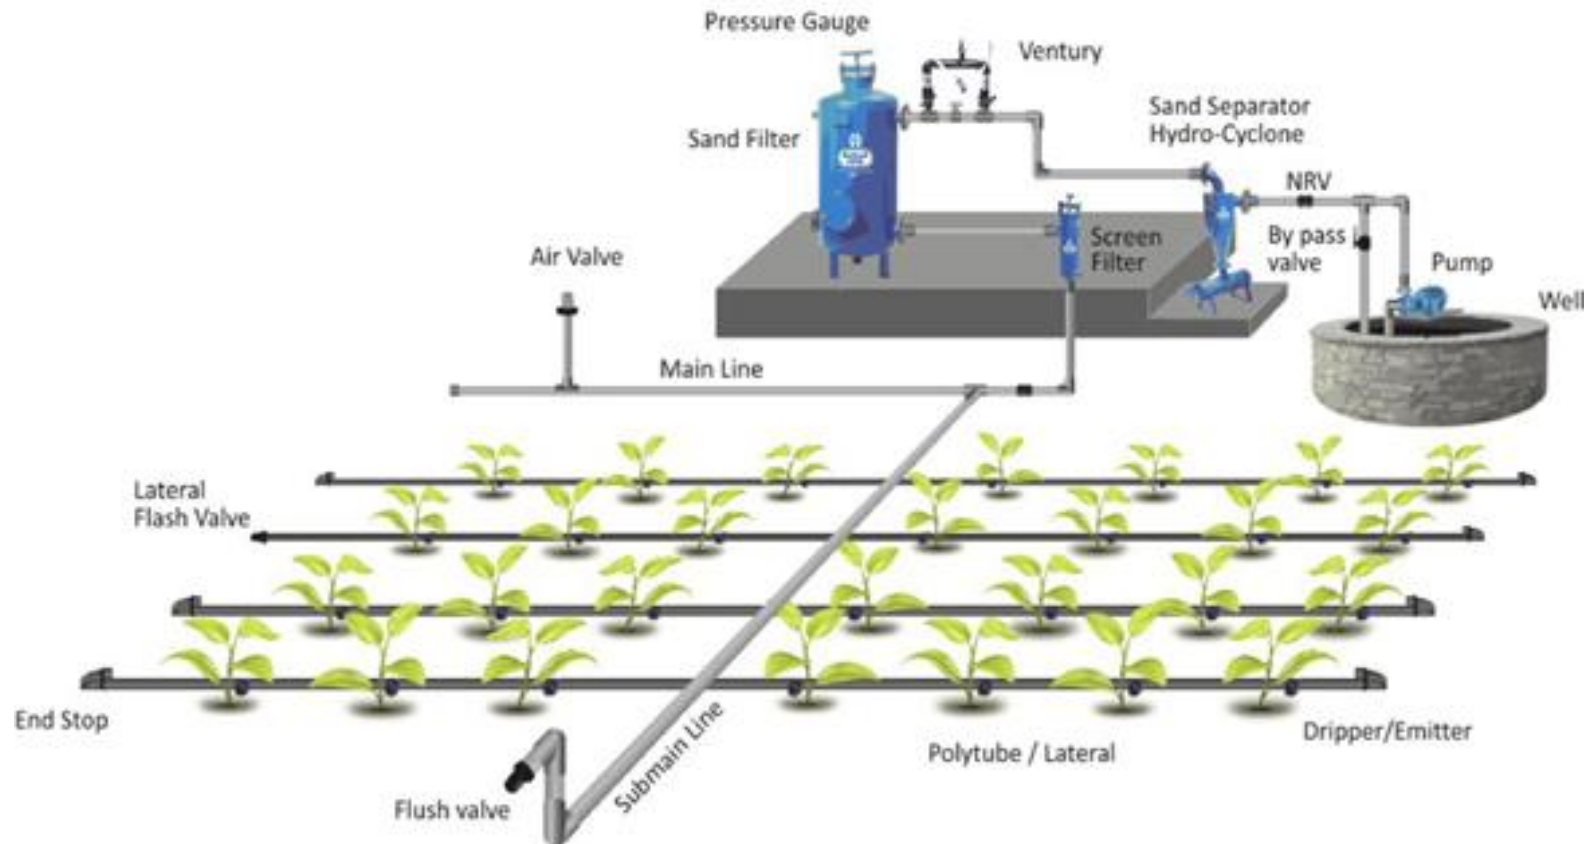

Controlling Waste in Areas of Covered Activities
